Location Risk Assessment

Amethyst House

Home URN	27772529
Registered Manager	Melena Danvers
Responsible Individual	Nikita Allin
Last Review Date	21.01.2026

Introduction – Legislative Framework

All children and young people, whether they are looked after by their local authority, guardians, carers or by their parents, need to feel safe in the area surrounding their home. Just as any parent would want their child to live in a safe area so too will a corporate parent who places children in a children's home. Whether a location is safe can change rapidly, and may depend on the vulnerabilities of particular children. Indeed, some individual children may themselves heighten risks in an area if they have particularly risky behaviours.

A home may be located in an area with some local risks, and still be 'safe', if these are managed well, arrangements are made to keep children safe, and placement decisions take account of these risks. Consideration of risks in a local area, and what steps should be taken to mitigate these, should be part of the care planning and placement decision process. Placing social workers should be responsible for assessing local risks and making judgments about safe locations before placing the child. The availability of support and services in the local area (e.g. education, health, CAMHS), as well as risk factors, should be considered before the placement is made.

Role of the provider

Better equipping children's home staff to make judgments about local risks, manage challenging behaviour, and keep children safe is an important element. Workforce training, support and knowledge is therefore critical to the success.

The Children's Homes and Looked after Children (Miscellaneous Amendments) (England) Regulations 2013 introduced the following changes to the Children's Homes Regulations 2001 and the Registration Regulations:
Regulation 31(1A) and (1B) of the Children's Homes Regulations 2001 as amended introduced a requirement in January 2014 for providers or managers to:

- Ensure that premises used for the purposes of a children's home are appropriately and suitably located so that children cared for by the home are:
  (a) Effectively safeguarded, and
  (b) able to access services to meet the needs identified in their care or placement plan;
- Review the appropriateness and suitability of the location of the premises at least once in every calendar year.

About The Home

Profile of The Home & Local amenities

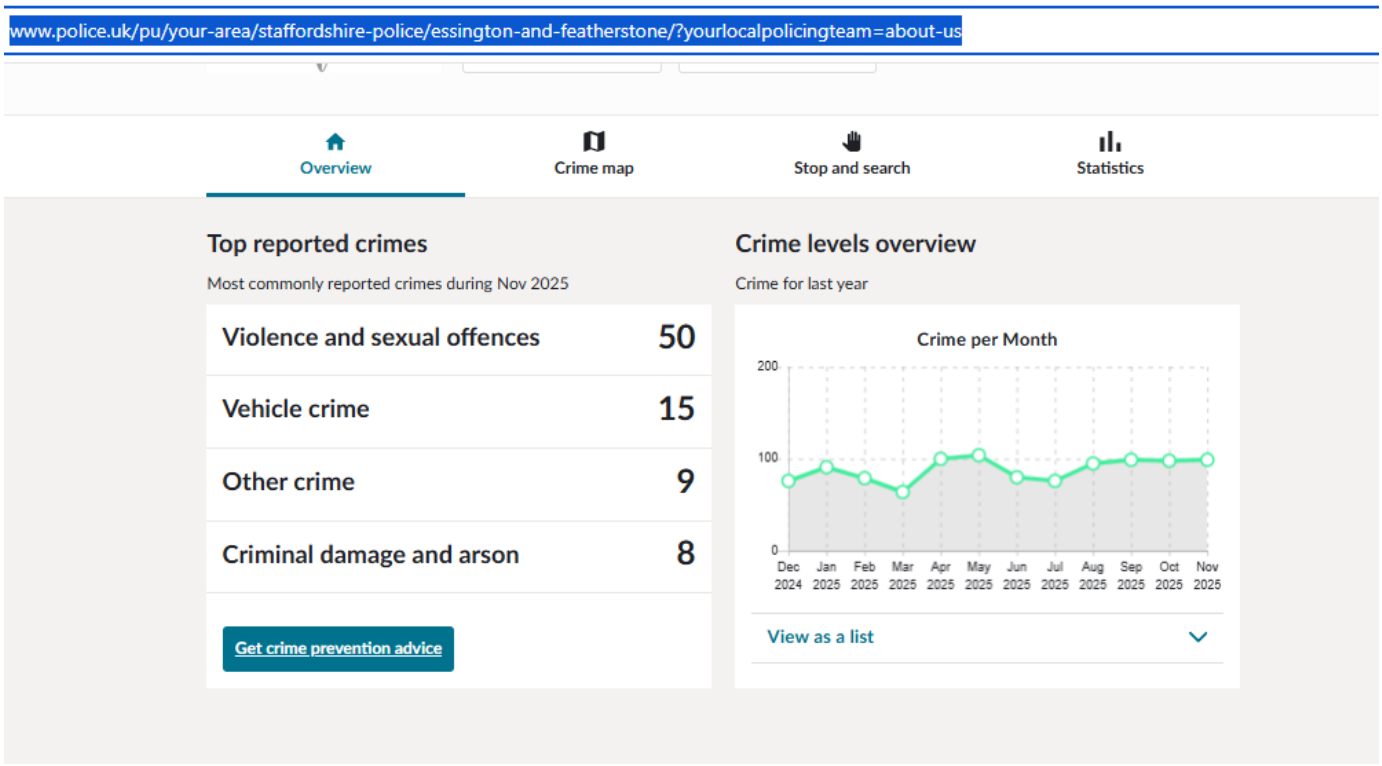

Amethyst House is a well-appointed 5-bedroom property. There is a large driveway allowing for ample parking, there is also an electric gate to the front of the property. The back of the property offers a garden area, with decking and a patio area. There is also a large double garage to the front of the property.
Amethyst House is furnished to a very high standard and homely and welcoming throughout. We provide 3 ample sized bedrooms for long term residential placements whose needs will be met through a fully trained a committed staff team.
The home comprises of a large entrance hallway, downstairs toilet, luxurious kitchen with island and breakfast bar, separate dining area and large living room.
There is a further kitchen/ utility room with an additional snug downstairs. The office is situated downstairs, which leads to a sleep-in room with an ensuite.
There are two staircases that lead to the first floor where there are 5 bedrooms, 2 large bathrooms, and a large snug/ cinema room.
The home is situated in a pleasant residential area close to direct bus routes into the City of Wolverhampton and within a short walk of local amenities including shops, pharmacies, hairdressers, restaurants, various cafes.
There is a wide range of quality activities available in close proximity to the home. In the local area and in with a short journey of the home. See below for additional attractions close to the home:

- Parks
- Zoo
- Museums
- Cinema
- Leisure Centre
- Bowling
- Swimming Pools
- Gym
- Restaurants

Reported Crime in the Area

The data below was published by the Police and represents incidents that were reported to them, not the crimes that were prosecuted and/ or had further action taken.

Any known local hot spots for crime have been detailed in the risk management section of this document.

Source: Essington and Featherstone | Police.uk (www.police.uk)
Date of information obtained: 21.01.26

Analysis/Summary;

Amethyst House is on Old Hampton Lane in Westcroft. This falls into the West Midlands region of England. The postcode is within the Essington ward/electoral division, which is in the constituency of South Staffordshire.

The data published by the Police are incidents that were reported to them within the last 12 months, and a breakdown of a number of crimes that had been reported within the Essington and Featherstone area.

The most recent statistic for Nov 2025 shows that the most significant crime that has taken place in the Essington and Featherstone area is Violence and Sexual offences, with a total of 50 incidents reported for the month of November 2025. The lowest crimes were Burglary, other theft, and Robbery, with these being recorded as 2.

Although these are prominent risks within the area, we do not have any children in placement who are subject to these crimes.

Transport

	Rail	Bus	Car
Details/summary Are there any specific known hotspots related that have been informed through various consultation/local knowledge?	Wolverhampton Train station is located in Wolverhampton town centre, which is 2.2 miles away from Amethyst House. The train station has 6 different platforms. The trains at Wolverhampton train station provide access to different parts of the country such as Birmingham, Coventry, Liverpool, Crewe, Manchester, Shrewsbury and many more. There is also a Metro located in Wolverhampton. These trams run between Wolverhampton St George's and Birmingham Bull Street – through the West Midlands. Following a discussion with our PSCO, the train station is not an area which presents any particular risks; however the tram does pose an increased risk for missing episodes.	The number 11 bus also provides transport to Wolverhampton Town Centre. This bus stop is located on Wild Tree avenue The number 69 bus is the next closest bus to Amethyst House and it provides transport to Walsall. This bus is located Wood End Road. The Missing Returns officer has explained that at current there is an increase in Youth tension at the bus station.	The home can be easily navigated to via the M54 (Junction 1) and M6 (Junction 10A) motorway, these motorways are located 3.4 miles away from Amethyst House. The M6 motorway runs from junction 19 of the M1 and the A14 in Catthorpe near Rugby in central England. It passes Coventry, Birmingham, Stafford, Wolverhampton and Stoke-on-Trent. The motorway has major junctions with the M56 and M62 near Warrington, giving access to Chester, Manchester and Liverpool.
Managers overview of transport links/risks	Due to Amethyst House being located in such close proximity to public transport this could increase the risk of missing from care episodes, especially those linked to County Lines. There are numerous bus stops located within a 1-mile radius of Amethyst house which makes transport easy and accessible to not only other areas of Wolverhampton, but also Cannock, Walsall, Dudley, and Birmingham. However, the bus routes also lead to the Wolverhampton town area where the bus depot, train station and tram are located. The bus depot has buses which also connect to wider areas in the West Midlands and Shropshire area. The train station has recently been refurbished and now has barriers. Therefore tickets must be purchased in order to be able to access a train. However, the tram does not have a gated entrance, and is more easily accessible. The tram provides transport from Wolverhampton to Birmingham. To date there have been no incidents in relation to children being missing utilising public transport, and there have been no risks associated with any of the transport links.		

Children & young people's thoughts on the location

Date	Way in which the consultation was gathered	Details/comments/views
15.08.2024	Feedback form	Both young people said they feel safe in the home and like the location.
30.10.2024	Feedback form	EC arrived at the home on the 30.10.2024. Carers completed a feedback form with EC the following day. EC shared that she felt safe at Amethyst and that she was happy that she was now closer to her siblings. This will be revisited in the future to gain EC's views once she has had time to settle in the home.
02.01.2025	Feedback form	All 3 children have completed feedback forms regarding the home. ZL has shared that it is okay at Amethyst House and he feels safe. ZL has not shared anything good about Amethyst, however has shared how he would like to move to Egypt. KA has shared it is okay at Amethyst House. KA has shared that he doesn't feel safe at Amethyst House due to not always getting along with his peers. KA has shared the things that are good about Amethyst are his bed and room, snacks and drinks and also activities. KA has shared things to improve at Amethyst is a swing for the garden and a smaller home. EC shared that she likes living at Amethyst and she feels safe. EC has shared that the good things about Amethyst is she knows the area and the staff are 'calm'. Things that could improve is seeing her friends more and people making less eye contact when speaking to her.
26.01.2026	Feedback Form	All three young people have completed feedback forms regarding the home. KA shared that he does feel safe living at Amethyst House and he can't think of anything he would charge according to the location. KA's positives about the location of the home were-: staff are nice, nice area and there are animals nearby. JJ moved into the home in November 2025 and shares he finds the location of the home "ok". JJ shares he only feels safe in the home when there are staff that he likes. JJ shares he likes that he get's to do loads of activities and get's loads of money, he also shares he enjoys the home better when his favourite staff are in the home. JJ shares he doesn't like when his favourite staff are not in the home. ZL shares he does not like living at Amethyst House and ZL offered one positive which is his keyworker. ZL was asked how Amethyst House can be improved. ZL shared to get rid of other young people, get better food and better staff.

Location risk assessment

Likelihood		X	Severity		Levels	
Not Likely	1		Negligible	1	Low	1 - 8
Possible	2		Slight	2	Medium	9 - 15
Likely	3		Moderate	3	High	16 - 19
Very likely	4		Serious	4	Very High	20 - 25
Almost certain	5		Fatal	5		

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Drugs/Association or vulnerabilities & links with those who take substances **Risk Level = MEDIUM** **Likelihood** 3 **X** **Severity** 4	There is the possibility of local drug networks being within the area. Access to drugs/substances and/or perpetrators/influences associated with drugs.	• If a young person has historical substance misuse this would be identified within the matching process, risk assessments and placement plans implemented at the admission stage. • The young people would be educated as to the dangers of drugs, and all others risks associated such as potential gang affiliation. • The home has built a good relationship with the local substance misuse service called Wolverhampton 360 and also with our local PCSO's. This allows us to be informed of any significant new information regarding local substance misuse/crime concerns. • If a young person was to have unaccompanied time with friends or family then this would be risk assessed and authorised by both the homes manager and social worker, as well as being continually reviewed for safeguarding purposes. • Catch 22 now operate a service to support young people who are involved in country lines in the West Midlands.

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Individual or group risk of child sexual exploitation **Risk Level = LOW** **Likelihood** 2 **X** **Severity** 4	This area crime mapping figures, report a low rate of sexual assault and gang related activity in the locality of the home but its proximity and easy travel links to other areas of Birmingham means that this is still a risk.	• Any concerns regarding CSE will result in robust discussions with respective Social Workers, LADO, Safeguarding Children Board, MASH Team & CSE Police Officer(S) • Carers will communicate with schools/colleges on a daily basis should there be any CSE concerns presented. • The security of the home is monitored with CCTV external cameras & we have the ability to enable landing sensor when required depending on the current needs of the residents. • All carers have received training about Child Sexual Exploitation within their initial induction along with refresher courses. • Young people will be supported to undergo informal workshops/learning in order to gain better understanding of healthy relationships and the risks around grooming and exploitation. • There is a Paediatric Sexual Assault Referral Centre for the West Midlands. You can contact the Sexual Assault Centre directly on 0808 196 2340. Please see website for further detail on support https://westmidsregionalcypsas.co.uk • External services been provided by South Staffordshire CSE lead including Base 25 and St Giles – Expect Respect.

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Close proximity to Main Road **Risk Level = MEDIUM** **Likelihood** 3 **X** **Severity** 4	The flow of traffic along road is generally medium during the day, however the traffic does increase during peak traffic times.	• The speed limit for drivers is 20mph and the home is located on a country lane. • The Home is removed from the road by a driveway and electric gates. • Young people are to be guided and instructed around road safety through key works, workshops and weekly meetings. • During the admissions & matching process any young person who has displayed a history of risk-taking behaviour near roads, or a lack of road sense will be carefully assessed by the home and placing authority with respect to the road adjacent to the home. • The Home's Manager will report any concerns regarding the traffic with our assigned PCSO.

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Local Gangs/Risk of Criminal Exploitation (CCE) **Risk Level = MEDIUM** **Likelihood** 3 **X** **Severity** 4	In the immediate vicinity of the Home, there is no evidence of gang presence. There is however, gang presence in some areas of the town. It has become apparent that there are x2 known gangs in Wolverhampton (Heath Town Crew & Newpark Village Boyz). There are is also increased tensions between the V2 and V3 gang with suspicion of potential retaliation from a spate of recent knife incidents in the town centre, in addition to Fowlers Park and Phoenix Park.	• The referral process will seek to identify where a young person is affiliated with a gang or gang related activity and any potential placement will be carefully risk assessed in discussions with the placing authority and the home's management team. • Catch 22 now operate a service to support young people who are involved in country lines in the West Midlands. • All young people will be supported to be engaged in positive activities to help them avoid becoming involved with negative influences/peer groups/gang members. • External agencies such as Catch 22 & Base-25 have already been approached by the homes manager and referrals will be instigated following any such concerns. • Young people will have robust risk assessments and individual agreements for free time with peers, family, unsupervised hobbies etc. • Our assigned Home's PCSO will have close links with the homes manager with completing visits / communication regularly to share local information and help to prevent such risk occurring. • Young people will be risk-assessed dependent of their historical behaviours regarding gang affiliation when granted free time. • Young people will be advised to work with Base 25 should they present gang related behaviours. • Referrals and matching process will be reviewed in conjunction with historical gang affiliation.

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Local Parks within a 15 minute drive **Risk Level = MEDIUM** **Likelihood** 2 **X** **Severity** 4	Wednesfield Park 1.7Miles (6mins drive) away from Amethyst House. The police have reported on occasions there have been incidents of anti-social behaviour on Wednesfield Park as well as theft. Fowlers Park is located 2.5 miles (9mins drive) from Amethyst House, and Phoenix Park is located	• If a young person was to have their own bicycle then we would have a robust risk assessment in place and it is likely that we would purchase a bike rack for the car (if unable to fit in the car) so that carers and the young person can travel to safe spots and cycle trails instead. • Young people having free time at any parks will always prompt us to have consultation with our local PCSO and any other local contacts who may be able to share any issues or concerns that we need to be aware of. • Keywork sessions will be completed in relation to gang affiliation and safety when in the public when a child has free time within the Wolverhampton area.

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
		4.8miles (20mins) from Amethyst House. These two parks have been linked to increased tensions between the V2 and V3 gang with suspicion of potential retaliation from a spate of recent knife incidents in the town centre.	• Young people within the home are staffed on a 1:1 ratio and supervised at all times – unless they have separate plans in place, such as free time which is risk assessed.

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
House Theft/Burglary **Risk Level = LOW**		There is a risk of theft within the Heath town and East Park area. This is also reported within the crime statistics.	• Our neighbours run a neighbourhood watch scheme where the homes manager is included in a messaging group if any local information or risks needed to be shared. • The home is secured with electric ates to the front of the property and an enclosed rear garden. • We have our downstairs hallways light left on during the night, we have CCTV cameras on the external walls of the property and another deterrent in that we have our ring doorbell, which also acts as a CCTV camera. • Having a ring doorbell has most certainly acted as a deterrent to thefts in the area. We will also have multiple cars on our driveway each night & three staff on each sleep-in shift.
Likelihood	2		
X			
Severity	3		

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
Proximity of neighbours **Risk Level = LOW**		There could be associated risks/issues with privacy, parking, noise etc.	• There is an enclosed garden area where several separate properties could see into the garden; however, some of this view is obstructed by fencing. • The home has windows that all have fitted blinds to prevent outsiders from seeing in the home from outside • The home to ensure that they create and sustain positive relationships with all neighbouring homes • Carers to ensure they are mindful of parking issues and only use the parking provided • Carers to be mindful of noise / disruption to others • General good neighbourly gestures such as Christmas cards / apologies if the home has caused unnecessary disruption • Manage any complaints through the company's complaints procedure and ensure this is resolved quickly
Likelihood	2		
X			
Severity	3		

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Access to canals **Risk Level = LOW** **Likelihood** 2 **X** **Severity** 3	There is a canal located in Bentley Bridge. This canal goes through the southeast. It goes through Willenhall and Walsall and connected with the Anson Branch.	• All carers are aware that there is a canal at Bentley Bridge, this is located next the Nickelodeon pub. • Carers and children to be aware of the risks associated with a canal and how dangerous they can be. • If a child goes missing, they are to be supported by carers. • Carers to call emergency services if a child jumps or falls into the canal. • All carers are training in first aid as part of their induction training.

Current young People

Child's Initials	ZL	D.O.B	29.06.2010	Gender	Female
Local Authority	Birmingham Children's Trust			Admission Date	03.04.2024
Are there any current locational risks detailed above that presently effect ZL	No				
Since Admission	ZL has settled into Amethyst House well and there have been no issues, concerns of risks associated with the surrounding areas. ZL when frustrated may leave the home and go for a walk as a way to regulate himself. Carers are to be mindful that ZL doesn't pick up items from the floor to use to self-harm. ZL has had one incident of MFC since admission.				

Child's Initials	KA	D.O.B	25.06.2014	Gender	Male
Local Authority	Sandwell			Admission Date	29.05.2024
Are there any current locational risks detailed above that presently effect KA	Due to KA leaving the home without permission, KA no longer runs towards the main road but will walk up the country lane. This area can still be heavily populated with traffic, with the added risk of there being no pedestrian pavement, this remains a risk for KA at the moment. He is being supported in keeping himself safe and also road safety. KA has a staff member with him at all times due to a 1:1 staffing ratio.				

Since Admission	As KA has settled into Amethyst House, when he is unregulated, he can at times walk out of Amethyst House without permission and turn left up the country lane. Staff are working with KA to support his emotional needs as well as road safety.

Child's Initials	JJL	D.O.B	23.05.2018	Gender	Male
Local Authority	Wolverhampton County Council			Admission Date	27.11.2025
Are there any current locational risks detailed above that presently effect JJL	Proximity to main road.				
Since Admission	When dysregulated JJ has run out of the home towards the main road on different occasions. JJ has previously stated he wants to run into on-going traffic to cause himself harm.				

CONCLUSION

The locality of Amethyst House appears to be an appropriate and relatively low risk area in which to have a Children's home. Amethyst House is located in a Neighbourhood watch area; therefore, the home manager is able to remain up to date with any crimes within the area and/ or close proximity to Amethyst House. When consulting with the police they informed that Young People placed in Children's Homes, Foster Placements and Semi-independent units are at greater risk of missing from care and placing themselves at significant risk of harm by risk taking behaviour and exposure to criminal activity. However, the PCSO's will regularly visit Amethyst House and aim to maintain a positive relationship with the young people in placement. Where there are concerns for the child or young person, it may be appropriate for the police to work with Amethyst House to assist with the safeguarding of the child.

The Home's locality provides very good access to education services, health services and a wide range of activities and amenities, which can be easily accessed by the residents.

Following consultation with the professionals within South Staffordshire, it appears as though Amethyst House would be deemed high risk for CCE and MFC. CCE is a high risk due to there being two known gangs located in close proximity to Amethyst House, and other gangs in the Wolverhampton area which are currently situated in the town centre, around the Wolverhampton Bus depot. The gang affiliation is also connected to a spate of knife crime within Wolverhampton. Additionally, MFC is also a high risk due to the transport links situated in the surrounding areas as they lead to various areas in the West Midlands, and also the town centre where there is access to tram, train and buses across not only the West Midlands, but the country. This would be taken into consideration during the matching/referral process.

Alongside this, access to drugs would be deemed as medium risk. This is due to the high risk of CCE within the local area, and the opportunity an individual would have to obtain drugs if attempted.

Overall, we can conclude that the locality of Amethyst House appears to be a medium risk area in which to have a Children's home and provides a safe and stable residential environment with good access to services within the area. Carers are experienced in working with children in residential care, and receive bespoke training to ensure the children in placement are safeguarded appropriately.

Appendix 1 - Key Contacts & Consultation

Local Authority Designated officer (LADO)		Date	Details of consultation which helped inform this risk assessment
Job Title	LADO	November 2023	Manager completed introductions
Telephone	0300 111 8007		
Online form	staffordshire.lado@staffordshire.gov.uk		Hi Melena
Address	Staffordshire Safeguarding Children Board 1 Staffordshire Place, Stafford, Staffordshire, ST16 2DH		The referral process in Staffordshire is that all referrals to LADO need to go through to Staffordshire Childrens Advice and Support Service (SCASS) on 0300 111 8007 Option 1, then Option 4 and then Option 1 for a new referral. You will then be through to one of our consultant social workers where you will be able to discuss the concerns and a possible referral to LADO, they will also screen all calls in relation to any child safeguarding concerns. Kind regards Staffordshire LADO
		November 2025	LADO are now only taking referrals through online form
