Last Review Date	31.05.2026

Introduction – Legislative Framework

All children and young people, whether they are looked after by their local authority, guardians, carers or by their parents, need to feel safe in the area surrounding their home. Just as any parent would want their child to live in a safe area so too will a corporate parent who places children in a children's home. Whether a location is safe can change rapidly, and may depend on the vulnerabilities of particular children. Indeed, some individual children may themselves heighten risks in an area if they have particularly risky behaviours.

A home may be located in an area with some local risks, and still be 'safe', if these are managed well, arrangements are made to keep children safe, and placement decisions take account of these risks. Consideration of risks in a local area, and what steps should be taken to mitigate these, should be part of the care planning and placement decision process. Placing social workers should be responsible for assessing local risks and making judgments about safe locations before placing the child. The availability of support and services in the local area (e.g. education, health, CAMHS), as well as risk factors, should be considered before the placement is made.

Role of the provider

Better equipping children's home staff to make judgments about local risks, manage challenging behaviour, and keep children safe is an important element. Workforce training, support and knowledge is therefore critical to the success.

The Children's Homes and Looked after Children (Miscellaneous Amendments) (England) Regulations 2013 introduced the following changes to the Children's Homes Regulations 2001 and the Registration Regulations:
Regulation 31(1A) and (1B) of the Children's Homes Regulations 2001 as amended introduced a requirement in January 2014 for providers or managers to:

- Ensure that premises used for the purposes of a children's home are appropriately and suitably located so that children cared for by the home are:
  (a) Effectively safeguarded, and
  (b) able to access services to meet the needs identified in their care or placement plan;
- Review the appropriateness and suitability of the location of the premises at least once in every calendar year.

Profile of The Home & Local amenities

Garnet House is located on Victoria Road in Wednesfield within the West Midlands region of England. The postcode is within the Heath Town ward/electoral division, which is in the constituency of Wolverhampton North East.

The Home will support up to three young people of mixed gender between the ages of 7-18 with emotional and behavioural difficulties, complex needs and challenging behaviour.

The home is situated in a pleasant residential area close to direct bus routes into town and within a short walk of local amenities including shops, pharmacies, hairdressers, restaurants and various cafes.

There is a wide range of quality activities available in close proximity to the home. Young people can enjoy wildlife safari parks, zoos, Go-Karting, indoor climbing, museums, beautiful country parks, cinema, bowling, leisure centres, swimming pools all within a short journey from the home.

There is a retail park, Bentley Bridge, located 0.4miles away from Garnet House. Bentley Bridge consists of clothing and furniture shops, grocery shops, essential shops, crafts shops, and a pet shop. In addition to this, there are also over several restaurants and takeaways, including a pub called the Nickelodeon. Located at Bentley Bridge, there is also a bowling alley with an arcade, a Cineworld and Pure gym.

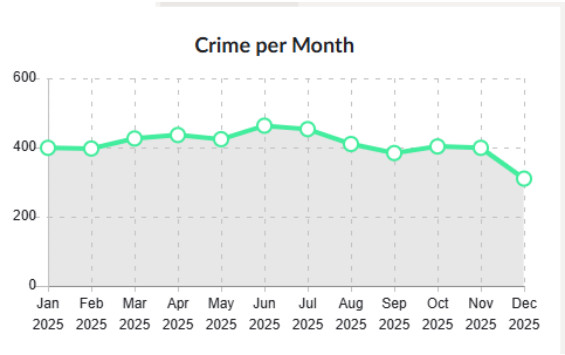

Wednesfield High Street is located 0.6miles from Garnet House. This high street consists of grocery shops, pubs, essential shops, beauty shops, market stalls and also a Lloyds bank and a Natwest bank. Next to the high street, there is also a Guru Nanak Sikh Gudwara.

A Leisure centre, Wolverhampton Swimming and Fitness, is located 0.7miles away from Garnet House. This leisure centre consists of a café, gym, soft play area, and swimming area, which has lanes, two slides, a wave machine, fountains, and a whirl pool.

Reported Crime in the Area

The data below was published by the Police and represents incidents that were reported to them, not the crimes that were prosecuted and/ or had further action taken.

Any known local hot spots for crime have been detailed in the risk management section of this document.

Crime Stats Overall

Month	Total	Percentage
Jan 2025	399	8.1%
Feb 2025	397	8.1%

Broken Down Crime Stats- December 2025

Source: Wednesfield and Heath Town | Police.uk

Analysis/Summary;

Victoria Road in Wednesfield is in the West Midlands region of England. The postcode is within the Heath Town ward/electoral division, which is in the constituency of Wolverhampton North East. The data above has been collated by the police between the periods of Jan 2025 – December 2025. This data was received on 20.02.2026.

The data published by the Police are incidents that were reported to them within December 2025, and a breakdown of number of crimes that had been reported within the Heath Town and East Park area.

Please refer to the table above for a breakdown of crimes. It is identifiable that crime rates fluctuate month to month.

There was further consultation completed when the police (PC Lawrence and Calista McCready) visited the home on 08.09.2024 and it was explained that the majority of the violence and sexual offences are linked to violent crimes compared to sexual crimes.

Although these are prominent risks within the area, we do not have any children in placement who are subject to these crimes.

Transport

	Rail	Bus	Car
Details/summary Are there any specific known hotspots related that have been informed through various consultation/local knowledge?	Wolverhampton Train station is located in Wolverhampton town centre, which is 2.2 miles away from Garnet House. The train station has 6 different platforms. The trains at Wolverhampton train station provide access to different parts of the country such as Birmingham, Coventry, Liverpool, Crewe, Manchester, Shrewsbury and many more. There is also a Metro located in Wolverhampton. These trams run between Wolverhampton St George's and Birmingham Bull Street – through the West Midlands. Following a discussion with our PSCO, the train station is not an area which presents any particular risks. However, the tram does pose an increased risk for missing episodes.	The 57 Diamond bus is located on Victoria Road, WV11 1RL, both of these buses run regularly, one bus in each direction. One of the bus stops is located opposite Garnet House and the other is located 115 feet to the right of Garnet House, towards the end of the road, which connects to Prestwood Road West. The number 11 bus also provides transport to Wolverhampton Town Centre. This bus stop is located on Cannock Road, which is 0.3miles away from Garnet House. The number 69 bus is the next closest bus to Garnet House and it provides transport to Walsall. This bus is located 374 feet away from Garnet House on Prestwood Road. The Missing Returns officer has explained that at current there is an increase in Youth tension at the bus station in Wolverhampton City Centre.	The home can be easily navigated to via the M54 (Junction 1) and M6 (Junction 10A) motorway, these motorways are located 3.4 miles away from Garnet House. The M6 motorway runs from junction 19 of the M1 and the A14 in Catthorpe near Rugby in central England. It passes Coventry, Birmingham, Stafford, Wolverhampton and Stoke-on-Trent. The motorway has major junctions with the M56 and M62 near Warrington, giving access to Chester, Manchester and Liverpool.
Managers overview of transport links/risks	Due to Garnet House being located in such close proximity to public transport this could increase the risk of missing from care episodes, especially those linked to County Lines. There is numerous bus stops located within a 1-mile radius of Garnet house which makes transport easy and accessible to not only other areas of Wolverhampton, but also Cannock, Walsall, Dudley, and Birmingham. However, the bus routes also lead to the Wolverhampton town area where the bus depot, train station and tram are located. The bus depot has buses which also connect to wider areas in the West Midlands and Shropshire area. The train station has recently been refurbished and now has barriers. Therefore, tickets must be purchased in order to be able to access a train. However, the tram does not have a gated entrance, and is more easily accessible. The tram provides transport from Wolverhampton to Birmingham. To date there have been no incidents in relation to children being missing utilising public transport, and there have been no risks associated with any of the transport links.		

Children & young people's thoughts on the location

Date	Way in which the consultation was gathered	Details/comments/views
25.03.2025	Both LW and BC were consulted via a feedback form. – LW previous young person.	Please refer to 'Our Home' folder in the home to locate these.
29.08.2025	MWR – Childrens Guide	KJG explained the area to MWR whilst going through MWR's Children's Guide leading to MWR expressing "there is loads to do around here compared to The Beeches (previous children's home)".
20.02.2026	MWR and BC – General Conversation	KJG explored with BC and MWR their views of the home and the location to which MWR expressed "I love it just being home" and BC expressed "I love it here look at the home it is just perfect and it is in my town".

Location risk assessment

Likelihood		X	Severity		Levels	
Not Likely	1		Neglible	1	Low	1 - 8
Possible	2		Slight	2	Medium	9 - 15
Likely	3		Moderate	3	High	16 - 19
Very likely	4		Serious	4	Very High	20 - 25
Almost certain	5		Fatal	5		

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Individual or group risk of Child Criminal Exploitation - CCE **Risk Level = HIGH** **Likelihood** 4 **X** **Severity** 4	There is the possibility of local drug networks being within the area. Access to drugs/substances and/or perpetrators/influences associated with drugs. In the immediate vicinity of the Home, there is no evidence of gang presence. There is however, gang presence in some areas of the town. It has become apparent that there are x2 known gangs in Wolverhampton (Heath Town Crew & Newpark Village Boyz).	• If a young person has historical substance misuse this would be identified within the matching process, risk assessments and placement plans implemented at the admission stage. • The young people would be educated as to the dangers of drugs, and all others risks associated such as potential gang affiliation. • The home has built a good relationship with the local substance misuse service called Wolverhampton 360 and also with our local PCSO's. This allows us to be informed of any significant new information regarding local substance misuse/crime concerns. • If a young person was to have unaccompanied time with friends or family then this would be risk assessed and authorised by both the homes manager and social worker, as well as being continually reviewed for safeguarding purposes. • External agencies such as Catch 22 & Base-25 have already been approached by the homes manager and referrals will be instigated following any such concerns.

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
		There are is also increased tensions between the V2 and V3 gang with suspicion of potential retaliation from a spate of recent knife incidents in the town centre, in addition to Fowlers Park and Phoenix Park.	

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
Individual or group risk of Child Sexual Exploitation - CSE **Risk Level = LOW**		This area crime mapping figures, report a low rate of sexual assault and gang related activity in the locality of the home but its proximity and easy travel links to other areas of Birmingham means that this is still a risk.	• Any concerns regarding CSE will result in robust discussions with respective Social Workers, LADO, Safeguarding Children Board, MASH Team & CSE Police Officer(S) • Carers will communicate with schools/colleges on a daily basis should there be any CSE concerns presented. • The security of the home is monitored with CCTV external cameras & we have the ability to enable landing sensor when required depending on the current needs of the residents. • All carers have received training about Child Sexual Exploitation within their initial induction along with refresher courses. • Young people will be supported to undergo informal workshops/learning in order to gain better understanding of healthy relationships and the risks around grooming and exploitation. • There is a Paediatric Sexual Assault Referral Centre for the West Midlands. You can contact the Sexual Assault Centre directly on 0808 196 2340. Please see website for further detail on support https://westmidsregionalcypsas.co.uk • The homes manager will attend Wolverhampton Forums in relation to new services, training, up to date information and guest speakers. • External services been provided by Wolverhampton CSE lead including Base 25 and St Giles – Expect Respect.
Likelihood	2		
X			
Severity	4		

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Close proximity to Main Road **Risk Level = MEDIUM** **Likelihood** 3 **X** **Severity** 4	The flow of traffic along road is generally medium to high during the day, however the traffic does increase during peak traffic times. There is a zebra crossing which is located 429ft away from Garnet House on Prestwood Road West. Other than this there is no nearby crossings.	• The speed limit for drivers is 20mph and the home is located either side of a T-junction containing speed bumps and roundabout which slows drivers down too. • The Home is removed from the road by a driveway and pavement. • Young people are to be guided and instructed around road safety through key works, workshops and weekly meetings. • During the admissions & matching process any young person who has displayed a history of risk-taking behaviour near roads, or a lack of road sense will be carefully assessed by the home and placing authority with respect to the road adjacent to the home. • The Home's Manager will report any concerns regarding the traffic with our assigned PCSO.

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Local Parks within a 15 minute drive **Risk Level = MEDIUM** **Likelihood** 2 **X** **Severity** 4	Wednesfield Park 0.7Miles (3mins) away from Garnet House. The police have reported on occasions there have been incidents of anti-social behaviour on Wednesfield Park as well as theft. Fowlers Park is located 1.4 miles (6mins) from Garnet House, and Phoenix Park is located 3.7miles (14mins) from Garnet House. These two parks have been linked to increased tensions between the V2 and V3 gang with suspicion of potential retaliation from a spate of recent knife incidents in the town centre.	• If a young person was to have their own bicycle then we would have a robust risk assessment in place and it is likely that we would purchase a bike rack for the car (if unable to fit in the car) so that carers and the young person can travel to safe spots and cycle trails instead. • Young people having free time at any parks will always prompt us to have consultation with our local PCSO and any other local contacts who may be able to share any issues or concerns that we need to be aware of. • Keywork sessions will be completed in relation to gang affiliation and safety when in the public when a child has free time within the Wolverhampton area. • Young people within the home are staffed on a 1:1 ratio and supervised at all times – unless they have separate plans in place, such as free time which is risk assessed.

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
House Theft/Burglary **Risk Level = LOW** **Likelihood** 2 **X** **Severity** 3	There is a risk of theft within the Heath town and East Park area. This is also reported within the crime statistics.	• Our neighbours run a neighbourhood watch scheme where the homes manager is included in a messaging group if any local information or risks needed to be shared. • We have our downstairs hallways light left on during the night, we have CCTV cameras on the external walls of the property and another deterrent in that we have our ring doorbell, which also acts as a CCTV camera. • Having a ring doorbell has most certainly acted as a deterrent to thefts in the area. We will also have multiple cars on our driveway each night & two staff on each sleep-in shift.

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Proximity of neighbours **Risk Level = LOW** **Likelihood** 2 **X** **Severity** 3	There could be associated risks/issues with privacy, parking, noise etc.	• There is an enclosed garden area where several separate properties could see into the garden; however, some of this view is obstructed by fencing. • The home has windows that all have fitted blinds to prevent outsiders from seeing in the home from outside • The home to ensure that they create and sustain positive relationships with all neighbouring homes • Carers to ensure they are mindful of parking issues and only use the parking provided • Carers to be mindful of noise / disruption to others • General good neighbourly gestures such as Christmas cards / apologies if the home has caused unnecessary disruption • Manage any complaints through the company's complaints procedure and ensure this is resolved quickly

Identified Risk/Concern	Description of risk	Risk Management Strategies/Actions to be taken
Access to canals **Risk Level = LOW** **Likelihood** 2 **X**	There is a canal located in Bentley Bridge. This canal goes through the southeast. It goes through Willenhall and Walsall and connected with the Anson Branch.	• All carers are aware that there is a canal at Bentley Bridge, this is located next the Nickelodeon pub. • Carers and children to be aware of the risks associated with a canal and how dangerous they can be. • If a child goes missing, they are to be supported by carers. • Carers to call emergency services if a child jumps or falls into the canal. • All carers are training in first aid as part of their induction training.

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
Severity	3		

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
Proximity to other children's residential homes within the area **Risk Level = LOW**		There are other children's homes within the local area.	• Carers are aware of known children's homes within the local area. • The homes manager has liaised with Wolverhapton's LADO and it has been advised there are a total of 46 children's residential homes within the Wolverhampton city. • If a young person was to build relationships with young people from a children's residential home, then to liaise with other homes managers. Which leads into if a young person was to go missing from care, all carers within the home are confident with the young person's missing from care protocol within the home. Also, to liaise with other homes managers if relationships have been built. • All young people within the home are staffed on a 1:1 basis.
Likelihood	2		
X			
Severity	3		

Identified Risk/Concern		Description of risk	Risk Management Strategies/Actions to be taken
Anti-Social Behaviour **Risk Level = LOW**		It has been shared by the PSCO there has been an increase of anti-social behaviours at Bentley Bridge Retail Park on the entertainment side.	• Both young people are staffed as 1:1. • Carers are aware to raise concerns to the police if concerns are witnessed during the time which is spent in the area. • This concern has not been present at the home which lead to our young people not being involved within this risk.
Likelihood	2

Current young People

Child's Initials	BC	D.O.B	10.04.2012	Gender	Male
Local Authority	Wolverhampton			Admission Date	11.04.2024
Are there any current locational risks detailed above that presently effect BC	BC was placed at Garnet House from foster care due to they were unable to meet BC's needs. BC was removed from his father following concerns around ability to meet BC's needs and significant impact of physical and emotional harm. BC is subject to a full care order. BC does not display high risk behaviours except for verbal aggression which can lead into offensive language. BC has sporadically displayed physical aggression when struggling with emotions. BC is staffed on a 1:1 ratio and no free time authorised which reduces the risk of the location risks effecting BC.				
Since Admission	BC has not displayed concerns to populate the location risk assessment for the home due to being settled within the home. BC has expressed that he likes the area of the home and has completed community-based activities such as swimming and visiting the local parks. Following reviews of documentation, it has been highlighted that BC's father lives within a 1-mile radius of the home. Further consultation to be completed with BC's social worker around further details of father's address as this could be different since chronology. BC is staffed on a 1:1 ratio and is not permitted free time so the risk is reduced if father is seen outside of family time arrangements.				

Child's Initials	MWR	D.O.B	19.09.2017	Gender	Male
Local Authority	Dudley			Admission Date	29.08.2025
Are there any current locational risks detailed above that presently effect MWR	MWR was placed at Garnet House from previous residential care to be closer to family and also concerns around his placement not meeting MWR's needs. MWR was taken into care at birth due to mother not being able to meet basic needs and concerns of neglect. MWR is subject to a full care order. MWR does not display high risk behaviours expect for physical aggression outbursts when emotionally struggling. However, this is seen to be like 'toddler tantrum' behaviours. MWR is staffed on a 1:1 ratio and no free time authorised which reduces the risk of the location risks effecting MWR.				
Since Admission	MWR has not displayed any concerns which would implicate the location risk assessment for the home. MWR has settled well into the home. MWR has been out and about into the community with carers on a 1:1 staffing ratio and enjoyed completing activities. MWR is not permitted to have free time.

Since Admission					

CONCLUSION

The locality of Garnet House appears to be an appropriate and relatively low risk area in which to have a Children's home. Garnet House is located in a Neighbourhood watch area; therefore, the home manager is able to remain up to date with any crimes within the area and/ or close proximity to Garnet House. When consulting with the police they informed that Young People placed in Children's Homes, Foster Placements and Semi-independent units are at greater risk of missing from care and placing themselves at significant risk of harm by risk taking behaviour and exposure to criminal activity. The local PSCO's visit the home on occasion to build relationships and provide advice and support around the local area when visiting. Where there are concerns for the child or young person, it may be appropriate for the police to work with Garnet House to assist with the safeguarding of the child.

The Home's locality provides very good access to education services, health services and a wide range of activities and amenities, which can be easily accessed by the residents.

Following consultation with the professionals within Wolverhampton, it appears as though Garnet House would be deemed high risk for CCE and MFC. CCE is a high risk due to there being two known gangs located in close proximity to Garnet House, and other gangs in the Wolverhampton area which are currently situated in the town centre, around the Wolverhampton Bus depot. The gang affiliation is also connected to a spate of knife crime within Wolverhampton. Additionally, MFC is also a high risk due to the transport links situated on Victoria Road, and the surrounding roads as they lead to various areas in the West Midlands, and also the town centre where there is access to tram, train and buses across not only the West Midlands, but the country. This would be taken into consideration during the matching/referral process.

Alongside this, access to drugs would be deemed as high risk. This is due to the high risk of CCE within the local area, and the opportunity an individual would have to obtain drugs if attempted.

Overall, we can conclude that the locality of Garnet House appears to be a medium risk area in which to have a Children's home and provides a safe and stable residential environment with good access to services within the area. Carers are experienced in working with children in residential care, and receive bespoke training to ensure the children in placement are safeguarded appropriately.
